KNIGHTS OF THE HICKORY STICK MET WEDNESDAY

FOURTH SUCCESSFUL YEAR
MARKED BY GROWTH
OF ORDER.

CLUB FOUNDED HERE

School and Community Was the
Main Topic of Dis-
cussion.

It was during the summer of 1929 that Mr. Homer T. Phillips and others, Head of the Department of Education of the State Teachers College, conceived the idea of calling the men who were in administrative work and other men who were interested in education, together for the purpose of discussing the immediate problems faced by educators.

This activity proved unusually interesting to the school men and it was decided to continue holding meetings through the year and F. L. Skaith, superintendent of schools at Gowar, Mo., was chosen as president for that year. O. C. Trower was elected secretary-treasurer. The following year Superintendent G. E. Dille, then of Chillicothe and at present superintendent of schools at Maplewood, Mo., was elected president and Leslie G. Somerville was elected secretary-treasurer and has served in that capacity since. The following year Superintendent J. W. Pierce Skidmore was elected president. The next year Fred Keller, superintendent of schools at Tarkio, Mo., was elected president and H. C. Thomas, principal of Maryville high school, was chosen as vice-president.

At the meeting of the Knights of the Hickory Stick which was held September 9 in St. Joseph, Mo., Superintendent B. B. Cramer of Smithville was elected president and W. L. Daffin, principal of Roosevelt high school at St. Joseph, was elected vice-president.

During the existence of this organization a joint meeting has been held with the school men of a similar organization in the Kirksville territory. The knights of the Hickory Stick meetings have included many outstanding speakers from within and without the state. It is the policy of the organization to take the initiative in the solution of problems that confront the men in the field. They have also opposed adverse legislation and have promoted progressive educational movements. Wednesday evening, October 11, the knights of the Hickory Stick meeting was held in the basement of the First Methodist Episcopal church at 6 o'clock. Mr. C. James Velle, director of the Conservatory of Music at the State Teachers College, Maryville, offered a musical program. Dr. E. A. Johnson, a member of the National Survey Committee on Secondary Education, and William F. Knox, chairman of the committee on Emergencies in Education, spoke. Mr. T. J. Walker, director of the "School and Community" was present. Mr. N. E. Viles, director of School Building Service of the State Department of Education, was present at this meeting. The immediate problems and interests of education are the accepted problems of the Knights of the Hickory Stick.

MELIA EARHART TO SPEAK AT MA- JOR ENTERTAINMENT

Mrs. Amelia Earhart Putnam, the first woman to make a solo flight across the Atlantic ocean, is to speak at the State Teachers College auditorium at 8 o'clock Monday night. It is announced at the College today. The famous woman aviator comes to Maryville as the major entertainment for the fall quarter. She will tell of her experiences.

Mrs. Putnam is the wife of George Palmer Putnam of New York City, a well-known American publisher. Reserved seats for the lecture are on sale at Kuchs Brothers.

The supply store has some old textbooks for sale. Many of these are good books and would be of value to the student or teacher. The prices range from 10c to 25c.

Westminster College reports the largest enrollment in their history. Their enrollment is 309, an increase of 10 per cent over last year. Westminster is beginning its eightieth year.

CONFERENCE SEASON OPENS HERE TONIGHT

WALKOUT STAGED LAST MONDAY WITH GREAT SUCCESS

NO FRESHMAN BELT LINE

SURPRISES MOST STUDENTS BY
COMING ON MONDAY.

Monday morning the long awaited notes of the bugle echoed through the halls of the Administration building and was answered by streams of students pouring from classrooms. The students assembled in the halls and then left the campus for the Missouri Theater, where, after an egg fight, they saw the picture, "Broadway to Hollywood." Before the picture was shown the pledges of the fraternities and sororities were introduced from the platform and the yell leaders held a short pep meeting.

After the picture the students went to the Atherton Park northeast of the city where lunch was served. The Freshmen furnished the entertainment at the park. In the past it has been customary for the upperclassmen to form a belt-line through which the Freshmen were required to run. Due to more or less serious accidents in former belt-lines, the Student Senate voted to prohibit that form of initiation. Instead of running through a belt-line, the Freshmen crawled under the line of upper-classmen, while the upperclassmen helped them along with their hands. At least there were no casualties, and the upperclassmen seemed to enjoy the sport very much.

At two o'clock in the afternoon the Country Club was open for dancing. Many students took part in the dancing, while others just visited. Walkout is one of the traditions of the College. It is one day in the year that the students take complete charge of the affairs of the college and declare a complete holiday. The arrangements for the entertainment are made by the Senior class. The Walkout committee is to be commended for the manner in which the plans were carried out. Everything was done with perfect order, with the exception, perhaps, of the egg fight, which was not a part of the plan for the day's entertainment.

Ever since the tickets went on sale the students had been wondering when the bugle would sound the signal. When last week's beautiful weather was allowed to pass, everyone was disappointed. It was certain that when the committee decided to hold Walkout the weather man would frown. But, much to the surprise, and delight of the students, Monday was one of the most beautiful days of the whole week.

HOMECOMING DANCE TONIGHT AFTER GAME

A Homecoming Dance open to all alumni and all students will be held in the West Library immediately after the football game Friday night. Dancing will continue until twelve o'clock. The admission is fifty cents per couple and tickets may be secured from any member of the Sigma Mu Delta Fraternity, the organization sponsoring the dance. Come one, come all, meet your old friends and make new ones.

Purdue University is offering a one-hour course in the psychology of effective study. It is claimed that preparations for this course cut seriously into the study time for other subjects.

SPRINGFIELD TEACHERS HERE WITH BIG TEAM

FRIDAY THE THIRTEENTH HOLDS
NO JINX FOR THE GREEN AND
WHITE ELEVEN.

BENSON & STIGALL OUT

Bears Outweigh the Maryville Boys
Considerable But the Bearcats are
Out to Avenge Two Defeats

The Springfield Teachers College football team comes to Maryville tonight to open the conference season against the Bearcats. Last year the local team lost to Springfield by a score of 7 to 0. The game was a hard fought one and a similar battle is expected this year. Neither team has played a conference game this season.

The average weight of the Bear team according to advance reports is 178 pounds. The Red and White line will average 193 pounds, with the bulk of the weight in two guards and an end. In the Bear backfield the average weight is 165 pounds.

In comparison to the Maryville line and backfield the Bears are on the average heavier by 18 pounds per man. The Maryville line averages 175 pounds. The Bearcat backfield averages 163 pounds.

To add to the worries of the coaching staff, Gerald Stigall, half back and letterman last year has been reported out for the season. In an early practice session Stigall tore the ligaments of his left leg. Late this week he re-injured the limb to an extent that he will be unable to carry on this season.

In the game with Pittsburg Joe Benson, playing at quarter was injured in the neck to the extent that he will be unable to play this week.

Aside from these two men the Bearcat squad will be in fine shape for the battle this evening. So far the Bearcats have lost two games. During the same playing period the Bears have won two games. However this does not cast much light on the coming contest since the Maryville team has played two of the hardest games on the schedule while Springfield has met two weaker teams. In any event the game will be a close one.

New yells and songs have been arranged for this game and the Alumni are expected to take part in the festivities. The Pep meeting last evening showed that the spirit will not be lacking.

Bulletin

According to Associated Press dispatch to The Daily Forum this morning, Ray Morey and Carmin Henderson, Captain and star for the Springfield Teachers College football team that plays here tonight, were not dismissed from school because they ask for tuition fees in return for their athletic services. President Ellis of the Springfield College explained that the boys quit school voluntarily because they could not make enough money to remain.

TEACHERS MEET OPENED WITH LARGE ATTENDANCE

FEATURE OF YESTERDAY'S PRO-
GRAM WAS ADDRESS BY DR.
WALTER JUDD

JANITORS ALSO HERE

Mr. Viles Gives Instruction on Proper
Ventilation and
Heating.

The sixteenth annual District Teachers' meeting opened here yesterday with the President, Cecil Jenkins, presiding. Greeted by unusually fine weather for this time of year the Northwest Missouri teachers have turned out in a large group to attend the meetings. At some of the sessions the crowds were so large that a large number were forced to stand to hear the speakers.

The general bustle of the association has added to the hub-bub of school and many students have stayed out of classes to take advantage of the opportunity to hear the very capable speakers on yesterday's program.

Throughout the afternoon the janitorial school carried on in the library of the College High School. Lectures and demonstrations on proper ventilation, heating and similar subjects that have to do with the up keep of the building. Over forty men from various schools in the district attended the meeting.

The peak of the afternoon session was reached through the efforts of Dr. Walter Judd, who spoke on "China's Struggle for Self Government". Stressing the philosophies of 'old China' as compared to those of 'new China' Dr. Judd presented the Orient slant on invasion by other countries. "The Western World" said Dr. Judd, "heroizes the military man, China heroizes the scholar". The auditorium was over run with the appreciative crowd that heard this missionary of the East.

In his evening lecture Dr. Judd laid emphasis to the necessity of building men. His plea for a peaceful settlement of international differences and a suggestion or two as to the method of such settlements won the approval of his audience. He cited, for instance, the silk trade with Japan. "If the women of America would boycott the silk trade of Japan until that nation came to a peaceful settlement of her international problems we could go a long way in the movement toward peace. In two years the women of America could educate the world to a peaceful method of agreement. Would you give up your silk hose or your sons? If you would keep your hose then don't cry when they take your sons. As long as the American silk trade in Japan puts ammunitions and arms into Japanese hands there is little hope that peace will be forthcoming in a permanent form".

Such was the substance of the closing remarks of Dr. Judd in the evening address. The attendance for the evening session was about same size as the afternoon session.

SPRINGFIELD CAPTAIN & FRESHMAN STAR OUT

SPRINGFIELD STARS DEMAND
FREE TUITION AND ARE
DROPPED FROM SQUAD.

Springfield, Mo.—Ray Morey, captain and for the past two years all-state tackle, and Carmin (Chink) Henderson, star freshman end, today were dismissed from the football squad at Southwest Missouri State Teachers College here for demanding that the college give them free tuition because of their athletic ability, according to A. W. Briggs, director of athletics.

Morey, a senior, lives at Minneapolis, Minn., and for two years has been the ace performer on the teachers eleven. Henderson comes from Poplar Bluff. The latter was a regular center on the basketball team here last winter.

The crippled teachers left at noon today for Maryville where they open their Missouri Intercollegiate Athletic Association campaign Friday night.

Coach Briggs said last night that Bert Smith, center for the Bears, would be appointed acting captain for the game here tonight.

Morey and Henderson said that they would hitch-hike to Minneapolis, Minn., where they expected to obtain jobs playing semi-pro football.

POLICY

Raise the Student's and College standards and promote higher student interest and participation in all school activities. To maintain a clean, high quality paper for the benefit of our fellow students.

They say that there is a time and place for everything but I do not believe they thought of throwing eggs when they said that. If it had been a bunch of kids from the slums maybe we could have overlooked it because they do not have much chance to learn what is right, but when college students lower themselves to that type of recreation it is high time something was done. It might not be very bad to choose up sides and go out in the wide open spaces and throw eggs but when you throw around other people who do not care to enter such vulgar pastimes you have no right to consider yourself intelligent, as some of you do. It appears a college senior and a post-graduate started the whole thing—if that is what you learned in college you surely wasted a lot of somebody's good money.

Even people who had to pass by the theater on their way to work were in much danger of being hit. How would you like to have to pay a big cleaning bill just so somebody could have a little cheap fun?

Last week Miss Stevenson asked the boys who could dance, or thought they could, not to come to the dorm and dance at certain times because they had invited all boys who could not dance to come and learn. The girls were there to teach and the boys to learn and there were also many boys who could dance, or thought they could. These boys monopolized the time of many of the girls. Even after they had been reminded that they were not supposed to dance they continued to do so. Some girls were also guilty, they danced with one boy the entire evening.

The co-operation there was similar to that shown at the football games: "I am looking out for myself, let everybody else do the same." As long as we operate that way we will not get any place. Some time you will be the one that can not do a certain thing, then how some of you will "holler" when some one plays the trick on you that you are playing on these boys who are trying to learn to dance.

What this school needs is some rule to enforce the 'Golden Rule.' If you do not know it ask some kid just starting to school, they know.

Homecoming will bring to S. T. C. many students of former years. It is our duty, as students of the present, to show these graduates that we are not shirking our responsibility, that we are striving just as hard as they did to carry on the traditions of the College.

The feature of the Homecoming celebration will be the football game with Springfield Friday night. One of the traditions of the College is a strong spirit of enthusiasm for Bearcat victory. We are faced with what is, in effect, a challenge to our loyalty to S. T. C. In order to prove that we love our College, it is necessary that we support the Bearcats with every ounce of enthusiasm in our system.

How are you going to answer the challenge?

Party for Freshman

The 1933 Freshmen of the C. H. S. were initiated at a party given October 5, at the Country Club.

All Freshmen girls wore old print dresses, aprons and green hair ribbons. The boys wore overalls and green neckties.

Games and dancing furnished the entertainment.

Refreshments of candy and apples were served. The freshmen had to bob their heads in tubs of water.

The following committees were in charge: Entertainment, Anna Margaret Lambert, Herschel Jennings and Harold Martin; Foods, Eula Bowin, Elizabeth Turner and Frank Hayden; Time and Place, Gerald Mitchell and Otis Booth.

Student President

Column

In last week's Missourian there was a very one-sided article written on the walkout question and I would like to explain the other side of the question. It is true that President Lamkin offered to give the Senior class committee money to purchase food for walkout, but the students would still have to pay for the show.

Another thing that the writer of the article did not inquire into was the attendance of last year's walkout which was free to the students, except for the show. Last Friday I talked with one of the members of the walkout day committee of last year and found that the committee planned to feed four hundred people at noon on walkout but less than that number were actually fed. Did all of the students take advantage of the President's offer? They did not. This year the committee had sold about three hundred tickets and sixty had been given to the faculty which brings the total to practically the same number that attended last year.

Furthermore, the senate would like to see the walkout an all school affair, but in view of the attendance of the last year walkout it is evident that the students do not wish to make it such, even though it be free to all. The Senate was told that if it saw fit to agree with the committee's wishes, walkout day tickets would be sold again.

It is also true that the Senate talked of the possibility of getting the west Library floor resurfaced, but that was brought up at the first meeting of the Senate and was not "produced" at the meeting in question. The writer also forgot that both girls and boys have been given a chance to learn to dance, is it not true that almost one-hundred per cent of the student group could take advantage of a good dance floor?

In addition, may I add that the Editor of the Missourian was not the author of the article, therefore the writer was not in any position to make a statement regarding the policies of the Missourian.

High-Y Organized

Tuesday, October 10 was the first meeting of the High-Y Club. The purpose of the meeting was to tell the new members what the club points of standing are. Officers will be elected at the next meeting.

A very funny incident happened one evening at Martin home. Mariam Martin decided to get some poison ivy leaves. She left the house wearing a coat and some gloves. A few minutes later she returned with a few wild grape leaves and a milk weed pod full of seeds.

Whether she knew better or not I do not know, but it was quite a joke on Mariam.

THE STROLLER

What could be more embarrassing for a fellow than to go to the dorm just in time to see the special delivery man bring his date a letter from her old boy friend? Merrigan was the victim this time.

The Gas House Corporation opened Saturday night with a membership of four.

Paul Foster should watch where he is dancing. Rugs are treacherous articles, especially when one is day dreaming.

Campbell is a persistent little fellow—Bernice Sloan was the last choice; who'll be the next?

Boys should be taught not to bother with the buzzer especially at 6 o'clock on Sunday morning. Norris couldn't find anyone when she went down although two hash-slingers were suspected.

Merrit made the remark that the Country Club was so crowded Walkout day that the dance seemed more like a wrestling match than a dance.

To Cres Maul the egg throwing was carried a little too far after one hit him in the face. The Stroller hopes for Cres's sake that it was fresh. However, Cres took it like a little man and didn't whimper a bit.

Now comes the best. Sims asked Dean Pike if he could go home for the week end. City boy comes to the Country and makes good.

Margaret Knox confesses she don't know Nothin'.

It did my heart good to see some little freshman upset Dan Blood when the frosh were taking their paddling. The fun is for students, Dan, and not you old fellows, so it served you right.

Surprise for Mr. Velle, who thought sure walkout would be Tuesday and did not give his class a test for that reason.

Our red headed friend from the dorm is really making the rounds this fall. I put my money on Heath and lost; who do you pick to win? Shell even let a pledge cut him out.

Roland Russell says there is one consolation in being editor, but maybe we can fool him. He had big plans when he thought he was safe from our eyes.

Bill Yates tried to crash the mess line at walkout without a ticket. He had a swell story to tell a freshman but it didn't sound good to me.

Even Sloniker has got the habit; we met him the other night walking out in the moonlight with some one hanging on his arm.

Bill Davis wants a schedule of off days for every period in the day. Bill says this long morning wait only to be fooled because the class is off is no fun.

I hope every one enjoyed the ice cream cones at the walkout, especially if Bovard gave it to you. When asked if he had washed his hands since playing with the snake Kurby readily admitted that he had not. We ate the ice cream and threw the cone away. What did you do?

We know another one on Kunkel too, but we are going to lay off Jimmy awhile if he will be careful. He is learning fast and maybe before long he will know how to keep out of all this trouble.

When Benson was in the hospital one of the nurses asked him what his major was. Benson thought fast and decided chemistry sounded big so he told her that it was chemistry. She told another nurse who was going to school about it and she decided that she would have Joe help her. Was Joe glad that he got out before she got stuck on a problem?

Whoever coaches baseball next spring should get a shovel for Bird to bat with. He looks much better with that than with a bat and really he did hit more eggs than he ever did baseballs.

What did Seyster give Jean to drink walkout day? She came back to the dorm telling about the million snakes she had seen.

ALUMNI

An alumni column is ever a game of chance. It is incomplete because records are incomplete. Its personal is limited more or less to the knowledge of the compiler of the column.

The Alumni Column this week meets all of these requirements for an excellent game of chance.

Many Alumni have distinguished themselves in the communities in which they reside, giving service of a lasting and far-reaching type, but it is not always the kind of service that finds the front page of even the local paper.

Many such Alumni will not find their names in this column but to them is paid a sincere tribute. May their good works increase.

Of Interest Among the Officers

Miss Violette Hunter, president of the Alumni Association, is teaching in Hamilton, Missouri. She will preside at the meeting of the Alumni to be held on Thursday of this week at four o'clock in the Auditorium.

Mrs. John Curfman, formerly Mary Fields, Maryville, Missouri, is treasurer of the Alumni Association. Present her with your dues.

Mr. Stephen G. LaMar, permanent secretary of the Association, is on a leave of absence until February. He is studying in New York City.

Don't forget the business meeting in the auditorium at four o'clock on Thursday.

Miss Lucille L. Airy since graduation has been teaching in the commercial department of South High School in Omaha. This year she is serving as treasurer of the high school and handles all the money taken in and paid out by this institution.

Mr. Henry Iba, of basketball fame, formerly a member of S. T. C. faculty, is now coaching at the University of Colorado at Boulder.

The Hulet sisters—Arlie, Dale and Wave, are all teaching in the Oklahoma City schools.

The Association wishes to welcome Patricia Ann, daughter of Mr. and Mrs. Paschal Monk, as a prospective member. What could prevent her from being musical with a father like Pat and a mother like Elizabeth Mills?

Mr. C. H. Allen is at present living in Alamosa, Colorado, where he is practicing law.

Advanced Study

Hundreds of the S. T. C. grads have done advanced study and secured their Master's degrees. Many have done a great part of the work for a doctorate. The following have secured their doctor's degrees:

Dr. William Utter, teaching at Denison College, Grandview, Ohio.

Dr. Ira Young, principal at Jefferson City, Mo.

Dr. Mervin McNulty.

Dr. Loren Egley, M. D. now practicing medicine in Maryville.

Dr. Marvin Westfall, now serving an internship at City Sanitarium, St. Louis, Mo.

BULLDOG BITES TIGER

Last Saturday afternoon on the M. U. field the Kirksville Bulldogs defeated the University Tigers. Kirksville is a member of the M. I. A. A. conference and last years winner of the football title. The final score of last Saturday's game was 26 to 6. As the score indicated Kirksville outplayed M. U. in every department of the game. Maryville will play Kirksville in Maryville the afternoon of Armistice day.

SOCIAL SCIENCE CLUB DISCUSS BOOKS

The Social Science Club program Tuesday night consisted of Book Reviews dealing with Social Science subjects. The first review was given by Homer Black on the autobiography of Lincoln Steffens. This book has been regarded by critics as one of the greatest autobiographies of recent years. The second book review was Moral Man in Immoral Society. The main event emphasis in this book was placed on social psychology. The last review was on the Brass Check by Upton Sinclair. This book is characterized by the authors realism and criticism of social injustice. The purpose of the reviews was to stimulate the students interest in reading social science books.

The program for the next meeting will consist of a debate on the question Resolved that the United States shall adopt a policy of currency inflation.

STUDENTS SET FOR GAME

A pep rally of the State Teachers College student body, boosting the Maryville-Springfield "Home coming" football game was held at 7 o'clock last night on the grounds north of the gymnasium. A 50-piece band of the College played, the students gave their new songs and yells, and three or four former students gave talks. William Yates, president of the Student Senate was master of ceremonies.

Alumni speakers for the rally Thursday night were Supt. Harvey Watson of King City, Charles "Chalk" Thomas of Lafayette high school, St. Joseph, and Supt. Richard Kirby of Sheridan. The committee invited Representative Noble Aldrich to speak.

The demonstration last night will be followed tonight with increased pep activities. Preceding the opening of the game the big band and the three pep organizations will parade around the gridiron. Between halves the band will present a specialty. The field is to be decorated in college

colors and numerous banners will be displayed.

The Student Senate started the sale of pennants, ribbons and souvenir footballs to be carried or worn Friday night.

After the game tonight, a dance, sponsored by Sigma Mu Delta, is to be held in the West Library. It will continue until 12 o'clock. Music will be by McDonald's Collegians orchestra.

The administration building is being decorated today with banners and colors boosting the Bearcat game.

MULE Q. B. RULED OUT

Springfield, Mo.—(P)—In spite of a threat that Warrensburg State Teachers College would "quit the Missouri Intercollegiate Athletic Association if you rule out this man," the eligibility committee of the conference has voted Quarterback Casper of the Central Teachers ineligible for football competition.

The announcement was made Tuesday by James W. Shannon of the southwest State Teachers College faculty, who is chairman of the M. I. A. A. eligibility committee. Casper's eligibility was questioned last week by Kirksville Teachers College and the investigation which followed showed he has played two years at Wentworth Military Academy, one on the freshman squad at the University of Missouri and one at Warrensburg. This is his fifth season of College football, investigators said.

Coach Reid has since announced that the decision would be appealed and he is asking for a meeting Saturday to reconsider the matter.

Casper has been a star in the game this fall and his loss would be a hard blow to the Warrensburg team.

'B's' LOSE TO CADETS

The College "B" team was defeated 6 to 9 by the Wentworth Cadets in a hard fought game at Lexington last Friday night.

Wentworth scored a safety in the second quarter after they had blocked a punt, and a little later in the same quarter they scored a touchdown on a pass from Wood to McLaughlin.

The Bearcat Reserves opened a strong running and passing attack in the first half, but were unable to push over a touchdown until Borgmier flipped a neat toss to Seabaugh in the fourth quarter.

The "B" team was staging a strong attack as the game closed.
